BLOOD OF THE LAMB by Michael Lister It's an oddity that, although many mystery and detective stories end with someone going to prison, we rarely see one that is set in a prison. (At least not the ones I usually read.) Indeed, it is often an indicator of "sensitivity" for an amateur or even professional sleuth tohave a distaste or even a fear of visiting a prisoner. Michael Lister's BLOOD OF THE LAMB transgresses that convention. Most of the action takes place in a Florida penitentiary, where protagonist John Jordan is a chaplain. It's the second in a series, but the first one I've read. The story begins with a conflict between Chaplain Jordan and the warden, who has gone over Jordan's head and arranged a visit to the prison by a well-known televangelist, his wife, and their young adopted daughter. Jordan seems to be on the liberal side of religion so he'snot thrilled about the evangelist's visit in the first place. But knowing that the audience will include a number of convicted pedophiles, he's full of anger and disbelief at the stupidity of bringing a young child in to perform for the inmates. Sadly, his concerns are validatedwhen the girl is found murdered in a "locked-room" situation in Jordan's own office. To find out who killed the little girl, Jordan must deal with an antagonistic law enforcement establishment, the usual cons and con artists who populate the prison, the well-connected and well-financed evangelist, and members of the prison staff who may or may not be trustworthy.
