Julio C sar (Spanish Edition)

Synopsis

Una de las llamadas tragedias romanas de Shakespeare. En Julio César el autor aborda la polémica figura del emperador romano con aguda visión y con una originalidad dramática inédita hasta entonces. Siguiendo la pauta trazada por Plutarco en las Vidas paralelas, contrasta virtudes y defectos de los protagonistas, resalta las ironías del destino y aprovecha el valor de la anécdota.

It's a well translated version of Shakespeare into Spanish. I use it as a guide to help my Spanish speaking high school students ease into required English literature. I keep one copy and my students can reference it if they do not understand the English version (let's face it Shakespeare can be hard for a native English speaking high schooler). It's been a lifesaver! Since I've been buying this series of Spanish translated English classics, my students are far more engaged and their grades have improved tremendously. I hope this publisher keeps making more of these translated classics. I also wish they had a series in Mandarin Chinese...
