Synopsis

An emperor gone mad. A destiny in question. A race against time to save the world. Lynx and her son Talon await their freedom. Customer Reviews

I received this book for free in exchange for an honest review. It's been 16 years since we last saw everyone and plenty has happened in that time. The characters remain real and flawed and the relationship between Axel and Lynx is the perfect example. They haven't been with each other for

16 years, yes they have kept in touch, but they skipped dating and living together to suddenly having a teenage son who has been abducted and being joint leaders in the Pathfinder Alliance. The book is fast paced, situations keep developing and Felix gets more and more devious; the only side he's on is his side. In a way he and Dmitri are alike, machinations within machinations, moving pieces on a board with rules they're the only ones privy to. Fourth book cannot come soon enough!

I received this book in exchange for an honest review. What a read, I couldn't put this down as with the previous 2 books, addictive and always left me wanting to read just one more page, okay okay who am I kidding, one more chapter every time. In 16 years the characters have grown and each is now just as important as the next as the story progresses. If you want to read a set of books that draw you into each page, you have found it. Now to be patient and wait for the next book. Please hurry :)

I received this book free in exchange for an honest review. OMG Goodness! Well worth the wait for it to be published....I couldn't put it down. On most every page Talon's (Nicholas, the light bearer) story progresses and the characters develop. Talon endures the unimaginable. The young princes each come into their own and I'm really excited to see how Meka (with the help of Tao) handles his situation as the book ends. Felix is as devious (and selfish) as ever and Lukan is spiraling further into madness. So much happening under incredible circumstances. I just have to be patient until the end of summer for the next installment. Hurry please! :-)

Hell of a cliffhanger, but also a hell of a book! Seriously I think I enjoyed this one more than the first one and it really sucks to have to wait for the next one....

I have been hooked since the first book in this amazing series. I had a hard time putting the books down. I want to stay up all night to finish!!

Hmmm, well it certainly was a cliffhanger. But it's hard to be interested in the next book without a clue as to how long the series will be.

Fantastic 3rd book. Hope this series continues. Want to see how it pans out with Nicholas the Light Bearer. Cannot wait.
