Hell Yeah!: Her Hell Yeah Cowboy (Kindle Worlds Novella) (Harland County Series Book 8)

Synopsis

Years ago, he unknowingly rescued his soulmate, now she's back in Texas and about to save his guarded heart. Unlike his twin, Texas National Guardsman Sgt. Logan McCall would rather march barefoot and blindfolded through a cow pasture than date the same woman twice. After an active duty injury during a flood washed away his promising sports career and engagement years ago, Logan guards his heart more than his life until, fresh from deployment, he runs into a friend of the McCoys—literally. Hill Country's newest resident is hotter than the wing sauce soaking into his shirt. Mission on. Graphic designer and carrier of misfortune, Chloe Davis is a danger to herself and those around her, so entertaining thoughts for the sexy cowboy wearing her hot sauce should be a no-no—not a hell yeah—especially considering he's the guardsman linked to a horrible instance in her past. But when he turns out to be one of her clients, she can no more avoid him than the attraction sizzling between them. Chloe's back in Texas determined to make a fresh start, and she succeeds in business but fails to resist the handsome soldier's relentless pursuit. But when he discovers her past, will he trust his heart or lose her forever?

Logan and his twin Linc have just got back from deployment. All Logan wants to do is get home to the ranch but Joseph and Cady want them to stop at Hardbodies for a beer. Logan gets told by Cady he is about to meet his soulmate. He gets up to go to the bathroom and literally runs into a woman with hot wings and they collide. There is a chemistry there but Chloe runs away. Chloe has always had feelings for Logan but feels she is responsible for taking his baseball career away. Logan's dad asks Chloe to help with a campaign for their sporting business and she accepts. She finds out Logan will be instructing her on how to use the equipment. They end up not being able to deny their feelings anymore. What will happen when Logan finds out that she is the one responsible for ruining his career?

So you thought women were the matchmaker oh no Dad's do it. Logan McCall needed a wife, or so papa McCall thought so. So when Cady McCoy tells Logan he'll meet his "soulmate" what's a guy going to do. In walks in Chloe Davis and the hot sauce flies. This is a great crossover book. Brings humor, love, a little sex into this crossover Hell Yeah book. Enjoy!

This is Donna Michaels, hottest, sexiest, story yet! I loved these characters. They fit perfectly in Sable Hunters "Hell Yeah" Kindle World. But would make a great stand alone. Donna melted both worlds together perfectly. I hope that first time readers become fans of both Donna's "Harland County" series and Sables "Hell Yeah" series.

Hell Yeah!: Her Hell Yeah Cowboy by Donna Michaels is a fast paced quick read, perfect for those with little time for reading. Ms Michaels has delivered a well written, smooth read loaded with marvelous characters. Chloe and Logan's story is full of humor, a bit of drama and page curling heat. I enjoyed Her Hell Yeah Cowboy and look forward to my next read by the talented Donna Michaels. Her Hell Yeah Cowboy is book 8 of the Harland County Series but can be read as a standalone. This is a complete book, not a cliff-hanger.

A fantastic book. A well written story. A quick and easy read. It is worth your time and effort. It is another book in the Hell Yeah Kindle World and yes some of Sable Hunters Hell Yeah characters show up. You have matchmakers, twins and someone who "for sees" things. I have read some of Donna Michaels books and this one is just what I have come to expect from her. I encourage each and everyone of you to go get this book, it is a winner.

This was a fun and fantastic read. I love both the hell yeah series from Sable Hunter and the Harland County series from Donna Michael. So to have the two series put together in one book was amazing. If you haven't read either one of these series I suggest you get busy and start reading.

This was another fan-tas-tic book!!!!!!! Just loved it, if you couldn't guess. The story is simple and very real, in my opinion a must read. I wont tell you the storyline that will spoil the book for you. Just read it you will love it as well. Happy reading.

I've always loved Donna Michaels books, but adding in some of the people from Sable Hunter's Hell Yeah series and the McCall's just made it so much better. This story took a lot to bring these two soulmates together, but it was breast seeing it happen.
