## Customer Reviews

I was surprised at how good this book is. First time reading this author, but I will try her again. This story is one many women may find that ..it could have been, it was, or it is them. Deception, deceit, lies, cheating, selfishness all show up in this story. Elizabeth Pearson Harvey is an executive who thought she had the perfect marriage until her husband of 15 years told her it was over. Cedric Harvey was an entrepreneur who had benefited on so many levels from Liz, but took her for

granted. He decided to take a walk on the "other side" of the street with a 23 yr old. Please read this story to see how Liz decided that she wanted to take hold of her life. She has an excellent brother who was her twin in many ways. Follow her as she takes her life back and discovers who she really is and achieves the life she always wanted. She has a lot spice with her ex, but it pales in comparison to what she finds. Explosive ending..but just a great read...

A wonderful rollercoaster of a life for Liz.. She loved and got the shortens of stick when she with Brian. He didn't know love, loyalty, and commitment. Yes he was a selfish arrogant and. To have a woman see only your hopes and dreams and give you just that for you to turn around and destroy her love you got what you deserve. I'm so happy she found her true love in Brian. Makes women realize it's not just in books there are some real men out here like this. I won't say more for it can destroy the book for the next person but read for yourself about true love and happiness. Great Book!!

Wow! The emotional rollercoaster ride this book took you on, but I feel it was a true depiction of what happen when a couple split due to infidelity. I really thought they were gonna make it but honesty is the hardest part of communication. I happy Liz found true love with Brian. #truelife Great book Book and storyline M. Skye

I love M. Skye. She is 1 of the best writers I've read and gotten the pleasure of knowing. This book does not disappointed at all. I dnt wanna give it away bc i hate when pple do that. Alls I's gottah say is... imma keep mah main chick. 80/20

Liz! Man, she gave it to them! I had to rush home when this hit my kindle and it didn't disappoint! Im not gonna give it away, but that Liz was a mess, Cedric was a fool, and Felicia got what she deserved! This is hands down my favorite book from Ms. Skye... Well done!

Wow! I'm at lose for words. I just finished reading this book, and I'm so in shock with how everything turned out. I loved every single moment and I definitely felt ever emotion, to say the least I am currently a crying mess. Loll don't want to spoil it for those who haven't read it, but I definitely, hands down recommend this book. You will not be disappointed. This is the first book I read of M. Skye and Ms. Skye, you found yourself another fan. I will definitely be reading more of your books.

This book was an okay read, a lot of errors, but not enough to take away from the story. The story was all over the place, but at about 85% into the book it actually started to make sense. It took me a week to read, again because it was all over the place. Seems like to me the Author didn't know which way she wanted to go with the story.

From Main Chick to Mistress is a great read. Filled with betrayal, infidelity, self discovery, and steamy sex scenes, it is sure to keep the reader engrossed from beginning to end. I was particularly impressed with the last few chapters that provided a cluster of jaw dropping shockers. I rated this 4 stars because the chapters were written in first person by alternating characters without an initial indicator of the speaker. It had to be found by the reader in the text which I found a tad bit frustrating in the beginning.
