# Wish Me Luck As You Wave Me Goodbye (The Redcliffe Sisters)

## Synopsis

In a period of irreversible change, the Redcliffe sisters face monumental love and loss that will stretch the bounds of sisterhood to their limits. As the perils of World War II loom ever closer, Chiara is more interested in the joyful whirl of the season than matters of faith or ideology. But even her breezy innocence cannot survive the harsh lessons of heartbreak and war. Meanwhile older sister Isobel is forced to face her misguided Fascist political beliefs in Nazi Germany as the shocking realities of the regime hit home. And then there's Felicity, the youngest and most introverted of the Redcliffe sisters, who is about to take her vows and enter the convent against her sisters' wishes. But a chance meeting with an American soldier threatens the very foundations of her decision. As each sister follows her own path, will their differences force them apart and take them beyond the realms of forgiveness? *Wish Me Luck As You Wave Me Goodbye* is the first book in the Redcliffe Sisters series, but can also be enjoyed as a stand-alone novel.

## Book Information

Series: The Redcliffe Sisters

Paperback: 372 pages

Publisher: Lake Union Publishing (August 4, 2015)

## Customer Reviews

*Wish Me Luck as You Wave Me Goodbye* by Marius Gabriel is a story about the three Redcliffe sisters who take vastly different paths towards self-discovery during World War II. Isobel, is the fierce older sister who is very politically ambitious, possesses a ferocious tongue, but also harbors deep pain that prevents her from truly surrendering into any form of love, including the kind binds her to her sisters. Felicity, the youngest of the three, is shy, introverted and very naïve about herself and the world, but a brush with first love alters the course of her life. Chiara, the middle

sister, lives a very comfortable life in London, untouched by the war and the changing world surrounding herself. But all of that changes when she experiences, first hand, the tragedies of war and personal betrayal. This book is a little over 350 pages long but I devoured it in one day. The language was crisp and clear, the dialogue and characterizations were absolutely effortless. In each scene, I could vividly see all of the characters, their mannerisms and surroundings. Some of the scenes took place in Berlin, London and a small village in Spain. The author did a great job in bringing the location into the scenes. I was right there in that small village in Spain when Isobel and Felicity were trying to make it back to England, or even in the art gallery in London that Chiara worked in. The magic of this book lies in the characters. The three sisters start out as individuals who think of life in a certain way, cling to their beliefs and are full of idealism. But by the end of the book, all of this changes, because the sisters have greatly changed. The reason why this book is so enjoyable, is because the reader is on that journey from beginning to end.
